## RULES FOR REGISTRATION OF MATERIAL

### Document formatting:

- Papers should be carefully edited and proofread by the authors. The volume of the text is 3-5 printed pages, made in the MS Word editor (file format - \*.doc or \*.docx) in Times New Roman font, size - 12, at intervals of 1.0 (use a multiplier), top margins - 2, bottom - 2 cm, left - 3 cm, right - 1.5 cm. Format A4 (21 cm × 29.7 cm). The volume of the text should not exceed 5 printed pages.
- Title of publication: Surname\_I.O. (first author) →

Иванов И.И..docx

### Article formatting:

- 1) UDC is placed on the right, after an empty line;
- 2) TITLE OF THE ARTICLE - in capital letters, alignment in the middle, after an empty line;
- 3) Surnames and initials of the author(s), – alignment in the middle, after an empty line;
- 4) Organization name, country, city. E-mail of the author(s), left alignment краю.
- 5) After two lines - the main text, justified alignment.

Main text /[Download TEMPLATE](#)

Formulas, tables, drawings (color and b/w) and graphs are allowed. Formulas must be typed in the Microsoft Equation editor (**do not insert a non-editable picture**).

Figures and tables are numbered, titles (editable) of figures - in the center, tables - on the left, text and numerical values in tables (font size 12 or 10) should be editable (**do not insert a picture**); explanatory captions should be editable (font size 12 or 10). The inscriptions embedded in the figures must be carefully edited, correspond to the figure and the text of the abstracts of the reports. All figures, tables and formulas must be referenced in the text.

The list of sources used (heading in the center), font size 12, is drawn up according to the Interstate Standard GOST 7.5-98 dated October 9, 1998 No. 365 (Minutes No. 1: 3-98 dated May 28, 1998). We ask you to comply with the requirements of GOST.

The list of references is placed at the end of the text and typed in accordance with the order of the list. References to the literature in the text are arranged in square brackets, in the form of a number corresponding to the number of this work in the list of references. The list of references should include all sources that are used in the text, which can be used to check the reliability of the methods used, demonstrate awareness of the achievements that preceded the study on the topic of publication, and also show the depth of one's own research. The list should be at least 10 sources. It is advisable to avoid using sources published earlier than 8-10 years ago, and limit self-citations to no more than 20%.

The originality of the article is 70%.

Do not include page numbering.

**\* The article should have no more than 4 authors.**

**\*\* One author can only be in two articles.**
